To Whom It May Concern

This is a letter of recommendation for Aaron Munro. He has provided services to Kiwi Property for at least 15 years. I have collaborated very closely with him for the last 7 years. During that time Aaron has been in charged of delivering multiple jobs ranging from fitouts, deficits, premises alterations to general maintenance and repairs for Kiwi Property Shopping Centres. For the Centres located in Auckland and Hamilton. Sylvia Park, LynnMall, Centre Place and The Base Shopping Centres.

He is an imaginative and initiative-taking qualified builder with experience in all aspects of the Retail Fitout industry. Furthermore, he possesses enough expertise of the technicalities as a project manager. He is very well informed and knowledgeable on the various aspects of what it takes to manage few projects at once.

His great organizational skills have made him to perform and deliver excellence throughout all the jobs executed at Kiwi Property Shopping Centres reliably and consistently.

I believe Aaron will continue developing a successful career and build strongest capabilities to offer an even better and excellent Project management service for years to come. I highly recommend his services.

Yours Sincerely,

**Gabriel Pecchio**

Retail Tenancy Manager

Kiwi Property Group Ltd.
